

# **EuroMPM2015 Bilbao**

## **Project Management Standards**

**Exam**

**Homework**

## **Exam - Type of topics**

- **PMBOK and ICB are complementary. What is the core difference? What is the benefit when you use both?**
- **Describe the structure of process descriptions in PMBOK.**
- **Make a proposal to complete the set of processes in the closing phase of PMBOK.**
- **Name the 4 levels of the ICB competences. What is the difference in the assessment of level D compared to the other levels.**
- **Make a proposal for the introduction of a new knowledge area on project organization management.**

## Homework – Group Work

- Take one of the knowledge areas of PMBOK from Scope Management up to Stakeholder management – not Integration Management. You can also take the proposal for a new area on Project Organizational Management.
- Describe how you could shape, adapt, defend, ... this knowledge area in a text - written under standards of scientific papers (full citation, ... )
- The text should have about 20 pages. The individual contributions must be visible – assign an authors to a chapter, ... .
- Delivery end of June by mail  
[peter.reusch@fh-dortmund.de](mailto:peter.reusch@fh-dortmund.de)  
and  
in the elearning platform of the university.
